New Arts & Culture Specialist High Skills Major comes to Resurrection!

The Resurrection Arts department is very excited to be the only high school in the Waterloo District Catholic School Board to offer the Arts and Culture Specialist High Skills Major starting in September of 2009! This is a valuable opportunity for our arts students because it gives them the opportunity to be involved in arts activities outside of school while completing arts courses that they have already chosen in their timetable. Business & Co-op

Co-op Happenings!

Experiential learning programs are one of the best ways for students to both explore potential career pathways and earn credits. At Resurrection, our co-op programs are very popular and provide students with a wide range of learning opportunities in many, many different sectors. For those students interested in the skilled trades, OYAP (Ontario Youth Apprenticeship Program) is definitely worth considering. [Click here to read more about OYAP and see photos!](#)
